

TDM5 - How To add transitions to a playlist

Introduction

TDM5 offers the ability to create your own designs, these designs can be added to a playlist.

A playlist can contain pages but you can also add media from your media library. A playlist can be linked to a player, once this has been done the player will display all content linked to the playlist.

Requirements

If you want to add a transition to a playlist you need to meet the following requirements:

- Have access to: Designer > Playlists and be able to edit a playlist.

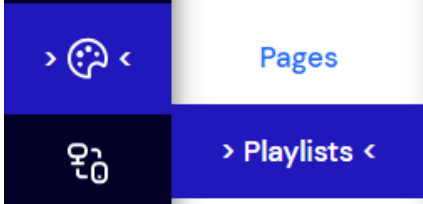

How To add transitions to a playlist

1. Login to your TDM5 environment.

2. Select “Designer”.

3. Select the menu option called “Playlists”

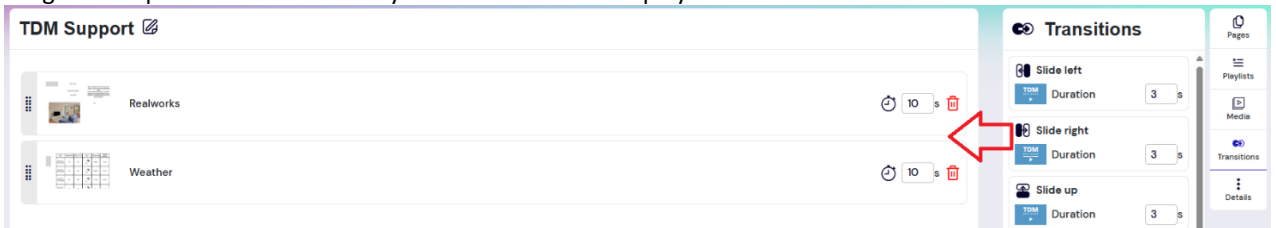

4. Select 'Edit' to open a playlist.

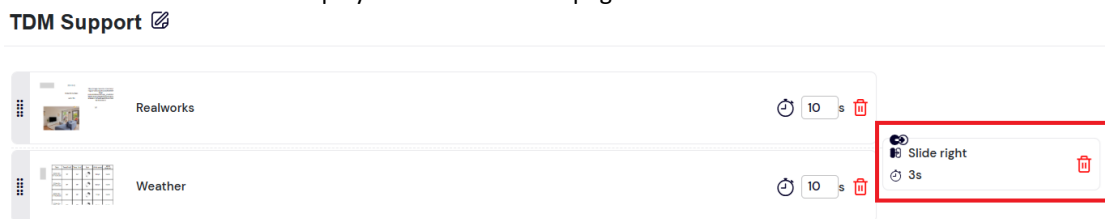

5. To add transitions to your playlist select the transitions icon:

6. Drag and drop the transition which you want to add to the playlist.

7. The transition will now be displayed next to the two pages.

Now you have successfully added a transition to your playlist.

Please check our manual 'TDM5 - How to fill a playlist with content' for more information regarding the playlist workflow.
